Written 2010-2011 this essay investigate the US military lunacy. Including many illustrative quotes, in a rich and descriptive language, we learn many interesting details. It is proven in detail, that since 9/11 2001, the US has been on a road out from a cliff.

But it don't include that the 9/11 is a fake.
It don't include that alquada do not exist.

So, in conclusion, the 9/11 is a robbery were, by using the wars, the wealth of US was simply stolen.

US/USD bankruptcy to follow.
