Most FLV:s are rather small. But to overcome some download problems of the server, I file these as one torrent for your download.
DOWNLOAD torrent: 911 clips collection to tufavideo.net
magnet URL: 911 clips collection to tufavideo.net

The September Clues also have the clips. This is the recommended download: September Clues - 911 Conspiracy Inside Job - No Plane Theory (Several torrents exist with the binary identical download, as well as some recompressed ones)

The Continous Pieces also contain the clips. These are provided with interwievs by Jeff Hill. Both the clips and the interviews are bogus; the interviews was made to fool you the clips was real, or only slightly edited. Jeff Hill is also bogus.
