:welcome:
My latest detailed "911" analysis (for Swedish audience) is here:
September11_DVDv4_Tufavideo_911_2010

This is reference material, showing an example of video editing and modification,
and also reference video showing real air planes at low altitude.

The number of different plane trajectories, headings, plane speeds, seems to be at least 7-8.
Take your own count!
