The Haiti earthquake has been suspected to be partially faked and rather extremely exaggerated.

Here is a message (Text, SVT) that the estimated number of deaths was too high. There is a limit to the lying, then?

UTRIKES Publicerad 28 maj

FÃ¤rre dÃ¶da Ã¤n befarat i Haiti

Tidigare uppgifter om antalet omkomna
i den kraftiga jordbÃ¤vningen i Haiti
ifjol kan vara kraftigt Ã¶verdrivna.

I stÃ¤llet fÃ¶r den allmÃ¤nt accepterade
siffran pÃ¥ 250.000 dÃ¶da anges nu
mellan 50.000 och 85.000 ha omkommit.

Det framgÃ¥r av enligt undersÃ¶kningar
som gjorts pÃ¥ uppdrag av amerikanska
hjÃ¤lporganet USAID.
