This is from the Mariott Hotel:

This cut include a hi-res close-up pic of a WTC drop-smoker.
If you look carefully, you see how it works. Can you see the strings ?

(The pictures below are included in the torrent,
TV\DR1_photos\Mariott_Hotel_Street_DR1_B41b_DropSmoker*.jpg)

Remember, that there should be some scale-factor as well. the background is likely NOT the real WTC Tower.
