911_clips_collection_to_tufavideo_net.torrent:

TV\Bob_Bri_WTC1_DR1_B8.flv

This may not be the Bob-Bri clip, but the angle is similar. Note the psychedelic dancing of the window frame. Someone have put in a shaking layer of a window to increase the feeling of authentic video. Note that, if the camera was shaking, and the video stabilized in a computer, both frame and Tower would be still.

This is an absurd video, and a proven fake.
